Joe Sudduth  
(817) 572-2091

**Safety Officer:**

Duane Riedel  
(817) 483-2557

## **Meeting Notes**

### **Jerry's Hanger – February, 2008**

The following notes were taken at the meeting:

The combination to the flying field has been changed. All current members have been notified what the new combination is.

Always remember to get your pin from the frequency board and replace the pin with your current AMA membership card.

The monthly club membership meetings will be held on the 2<sup>nd</sup> Tuesday of the month. All present members voted to accept this date until further notice is given. The club website and new membership packet has been updated to reflect this change.

There was some discussion on the condition of the field. It still has a few bumps but nothing

### **Club Upcoming Events**

Club Meeting – March 11, 7:00 PM  
Jerry's Hanger  
Rookie Races – March 16, 1:30 P.M.

will be done until after the rainy season is over. The only current plans to work on the field will be to put down some petra mat underneath the shade awning. This will keep the grass from growing and making it difficult to weed eat.

It was noted that there are no aircraft size limits for the field other than current AMA regulations.

We all need to be reminded every so often that when you come into the field check and make sure that there is no flying activity. If there flying activity, wait at the top of the levy. Wait until all flying activity has stopped or somebody waives you in. So far that has worked well. This item was added to the new membership welcome packet.

Mike Ross will bring in a scanning device in April for the club meeting. If you are interested in seeing what is working in our area for near our 72MHz channels, come and see.

Mario presented a case for helping youth in the local area. A motion was brought before the members and a unanimous vote was passed to donate STRCC funds to the local YMCA. These funds will be used for children with special needs.

## Combination Change

If you did not get the combination, please call Bruce to get the new combination (817) 483-8223 or e-mail at [brucemarsha@juno.com](mailto:brucemarsha@juno.com).

There were not enough people to have races this month. Instead, those that showed up had a nice day of just fooling around in the sky. It was a great day for flying. Perhaps next month we will get to try out those new pole settings.

# Special Thanks to

## ROY'S HOBBY SHOP

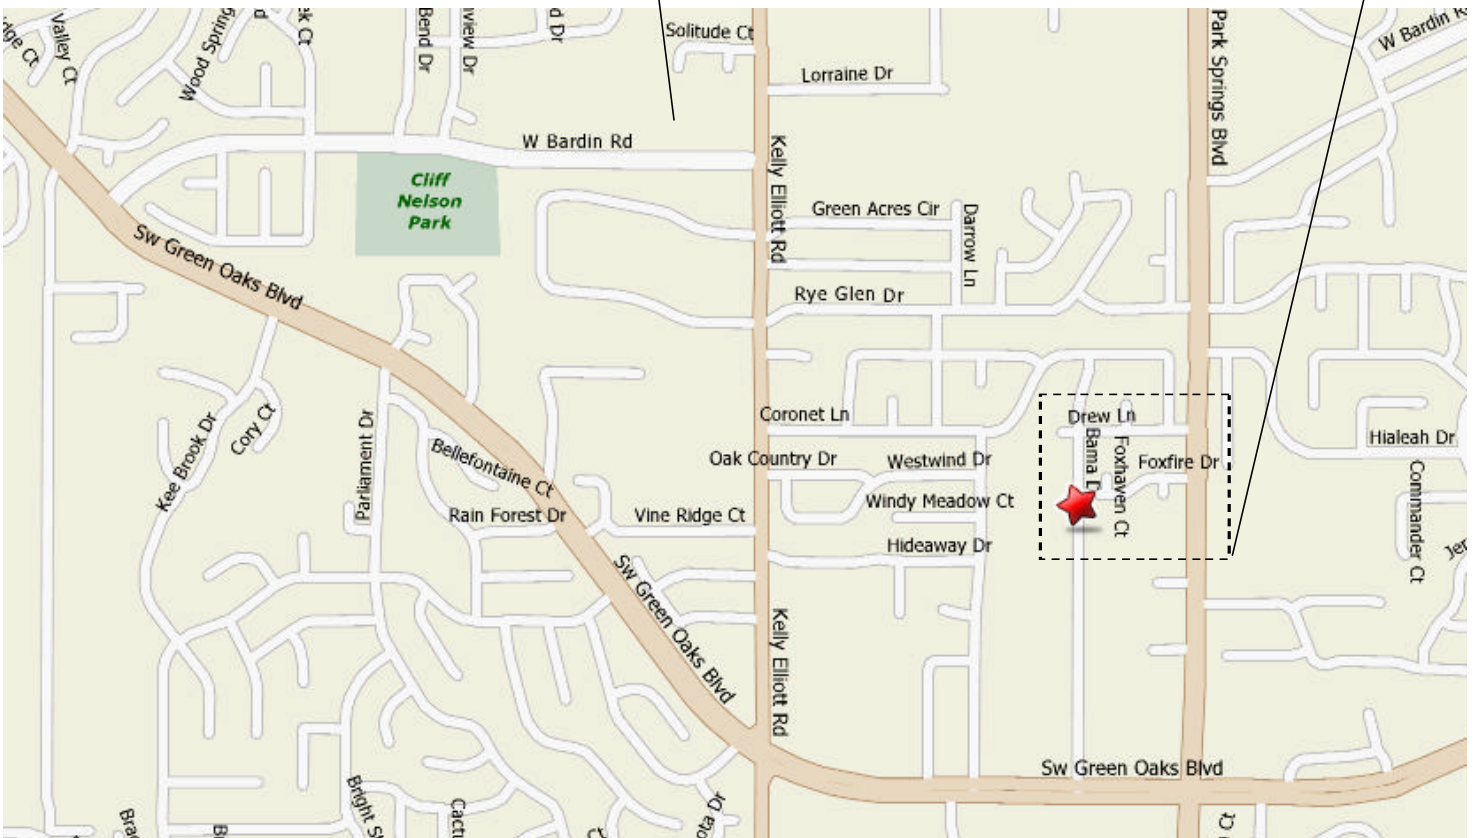

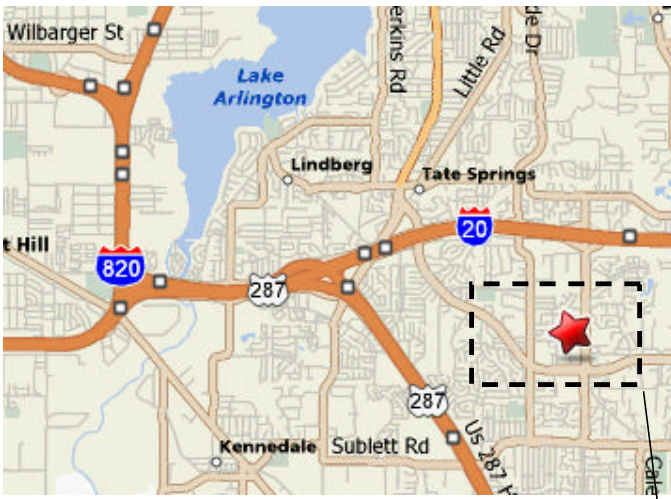

The folks at Roys Hobby Shop have been very good the membership of STRCC. Various gifts have been donated by Roy's and I would highly recommend that you stop by and say thank you when you get a chance. If you don't know where they are located, their address is: 1309 Norwood Dr - Hurst, TX 76053 - (817) 268-0210

## Mike Ross on Radio Frequencies

Mike Ross presented information on how our 72MHz radios work. Lots of information was discussed. Thanks Mike, it was an interesting presentation. We look forward to seeing what you have on possible radio inference at the April meeting.

**FLYING EVENT:** Jun 13,14,15th 2008 Heli Blaze Sat-Sun-Mon
